Case No. AP-96-11

By application accepted for filing March 12, 1996, CIT-MET Health, Inc., a District of Columbia corporation, seeks a certificate of authority for irregular route operations in vehicles with a seating capacity of less than 16 persons only, including the driver.

Applicant proposes commencing operations with six vans. Applicant's proposed tariff contains per capita and group rates, including rates for transportation under the DC Medicaid program.

The application indicates applicant has been operating medical clinics since March 16, 1995; yet, no income statement was filed as Exhibit F to the application, as required. Applicant will be directed to file, as Exhibit F, an income statement for 1995.

The projected income statement, Exhibit G, is based on operation of three vans instead of six. Applicant will be directed to file an amended projected income statement based on applicant's stated plan to commence operations with six vans.

This proceeding is hereby initiated to determine whether applicant is fit and whether the proposed transportation is consistent with the public interest.

THEREFORE, IT IS ORDERED:

1. That applicant shall publish once in a newspaper of general circulation in the Metropolitan District, no later than March 25, 1996, notice in the form prescribed by the staff of the Commission.
